DEALING WITH CONCERNS

Parents and students who have concerns on any matters regarding their child's education or other general concerns should follow these procedures:

Discuss the concern with the homeroom/subject teacher.

- If not satisfied, discuss the concern with the appropriate Head of Year.
- If still not satisfied, arrange a meeting with the Assistant Head of Section (Primary and Secondary).
- If still not satisfied, arrange a meeting with the Head of Section.
- If still not satisfied, arrange a meeting with the Head of School. Most complaints and grievances can, and should, be resolved at the level at which they arise: between the student and the teacher or other school employees, if necessary, with the help of the Head of School. In all cases, student complaints will be dealt with seriously, courteously and promptly.

If any matter cannot be resolved at the school level, the Head of School may consult the Chair of the MDC. However, if the student or parent feels that their complaint has not been handled fully or fairly, an appeal to the MDC is available to the student or parent.

Upon receipt of an appeal, the Head of School will forward it to the chair of the MDC. The MDC, either at a meeting or in circulation, will determine whether to consider the appeal itself or to nominate a Special Committee to consider the appeal.

The MDC or Special Committee will meet to consider the appeal within ten days of the date of the appeal and will provide its decision on the appeal in writing. That decision is final. All appeals must be made in writing to the person or body designated and within the time specified.
